ARIF **TRIANA**

WEB DEVELOPER

👤 PROFILE

I am passionate about web development and aspire to become a full-stack web developer. I was a top graduate in my high school software engineering major, and I am dedicated to continuing my learning in this field.

🎓 EDUCATION

Student at SMK Sahida Lemahabang
June 2019 - June 2022

During my high school years, I was active in various organizations and participated in a school internship program where I was placed at DKIS (Communication, Information, and Statistics Agency). These experiences provided me with valuable technological insights, and I am very grateful to have achieved the top graduate position in the Software Engineering major in high school. Therefore, I am interested in becoming a web developer.

👥 INTERNSHIPS

Internship Trainee at DKIS (Dinas komunikasi, informatika dan statistik)
March 2021 - April 2021

I worked on my mentor's assignments and learned a lot about the world of technology. This experience made me more interested in web development because most of the tasks I did were related to technology and web development.

⭐ COURSES

React, Front-End Web Learning Path at Dicoding
June 2022 - August 2022

Full-Stack Laravel React JS at BuildWithAngga
May 2023 - June 2023
